

SKI MOUNT SNOW'S 5 MOUNTAINS WITH MSA!
Main Mountain, North Face, Carinthia, Sunbrook and Haystack
FROM FEBRUARY 10-12, 2006

MOUNT SNOW has over 475 acres of snowmaking coverage, with 22% green, 49% blue, 26% black, 3% double-black terrain, a vertical drop 1,700 feet, a 400-foot competition superpipe, and four terrain parks. Tubing Park on the mountain is open daily and Saturday evenings. There are five separate mountain faces, one for every type and level of skier:

- ❖ **Advanced skiers or boarders:** Head directly to the North Face for runs on Plummet, Jaws or maybe some tree skiing on Epiphany or any of the other 144 acres of hand-cleared tree terrain.
- ❖ **Intermediates:** Head for Main Mountain cruising trails and views of the Mount Snow Valley. Take in the sun all day at Sunbrook or avoid the crowds at Haystack.
- ❖ **Boarders:** Mount Snow has hosted the ESPN Winter X Games so push yourself on the Gut Superpipe, thread a line through the bumps on Beartrap or experience terrain park action on Un Blanco Gluch or Inferno!

THE LODGE AT MOUNT SNOW is a 10 minute walk to the lift. Or take the free shuttle (the Moover) which leaves every 15 minutes from the Lodge. Of course, we will have our own bus driver to chauffeur us to the mountains in the morning and back at the end of the day.

A hot & cold buffet breakfast will start each day, and an après ski party and dinner will end the day on Saturday. A boxed dinner with choice of sandwich for the way home is also included.

The Lodge has an indoor heated pool, indoor and outdoor hot tubs, lounge with a massive fieldstone fireplace with a panoramic view of Mount Snow, pool table, & exercise room. The rooms have private bath, TV, refrigerator, and coffeemaker.

PACKAGE INCLUDES: Luxury touring coach loaded with refreshments and movies, 2 nights' lodging, 2 day lift ticket, full breakfast each morning, après ski party Saturday night, full dinner Saturday night, taxes and gratuities, boxed dinner for trip home.
